

Kijjabwemi School - UGANDA

(Refurbishment of disused school classrooms)

School history:

The school at Kijjabwemi (situated in the South of Uganda - see map) was founded and run by the Church though staff are paid by the government.

There are 16 teachers and 7 classrooms at the school for 580

pupils with ages from 7 to 18. Class sizes average 83 pupils (UK class average is 24 pupils). Teaching is mainly in English with Luganda as a second language. The Christian faith is clearly on the curriculum.

Project out-line:

To assist the school to refurbish a number of school classrooms. Some of these school rooms were damaged in 2007 whilst others have been lying disused since the 1980s. Christian Hope International has already raised funding for "Phase 1" totaling 11 million Uganda Shillings (aprox £4,000). We would now like to send additional funding for "Phase 2" which would cover the cost of finishing off the buildings.

Funding required for Phase 2:

£3,000

Materials supplied Phase 1

Cement	104 bags
Sand	9 trips
Aggregate	stones 4 trips ½ inch
Bricks	4000 Clay
Timber	81 pieces (various sizes)
Iron sheets	67 pieces 30gauge
General Nails	24kgs
Roofing Nails	10kgs
Strong Nails	20kgs
T. Iron	1 Roll
Metal Windows	4 pieces
	6x4=1
	4x4=3
Doors x4	Metal
Iron Bars	3 pieces
Facia Boards	20 pieces

Can you help?

- Phase 1 has already been paid for
- Phase 2 will only cost an additional £3,000 and allow the newly repaired rooms to be fully used.
- Gifts should be sent to:
Kijjabwemi Phase 2
Christian Hope International
Hope House
Elms Estate, Church Road.
Harold Wood RM3 0JU

Should funding be received from donors above that which is required for "Phase 2", it will be used to make further improvements to Kijjabwemi School or to assist in the provision of education at a different project funded by Christian Hope International
