

## Day 6 - All Stretton to Chester

### ● Sunday 12th September - 55 miles today

7.30 start - weather is good - and we encounter very few hills - some light showers on the way but overall a good day. We have adapted the route under Iain's guidance to make it a little more direct. We arrive at Chester T/L at, would you believe it, 1.30 !!!!!!!!!!! but we can't book in till 3pm

aaaaaaaaaaaaaaaaaaaaaagh!!!! Blow it let's get in early and pay a little extra for the privilege. A good meal (yes at a local hostelry) and then a walk around part of the walls for me and Iain while H crashes out. I can even make church tonight, or so thought, except that the ones that show 6.30 service are not open. So after a couple of fruitless attempts to locate a service, I finish my walk and crash out at the T/L. A good night's rest and, whoopee - a day off tomorrow. Ahhhhhhhhhhhhhhhhhhhhh.

Question - Do padded Lycra shorts have to be surgically removed with or without anaesthetic. Actually tis not too bad really.
