

Kijjabwemi School

Refurbishment of School Classrooms 2008 - 2010

Our thanks to all those who contributed to the refurbishment of these classrooms. After several years during which the classrooms lay unused, they had fallen into a state of serious disrepair. Thanks to your contributions, they have now been repaired, re-roofed, painted and put back into daily use.

Thank You

X Kijjabwemi School is in the Masaka region of southern Uganda
