

**THANK YOU** for responding to our Baby Aid Plus Project appeal and for working in partnership with us to give love and warmth to children in need of care. All knitted and crochet gifts are distributed to hospitals, clinics, Mothers' Union Groups, schools and villages by church staff, The Mothers' Union and other Christian organisations.

We are grateful to receive garments for babies and children in all sizes, ply, style, or colour with long or short sleeves. Please limit the use of white, as it is difficult to keep clean. If you prefer to use your own patterns, please do so. Very small garments will be given to clinics and hospitals for premature babies.

Please use your own patterns for machine knitted garments

**Knitting should be posted or delivered to:**
