

Jean Claude Muneza

MUNEZA Jean Claude is 31 years old and is married. He was supported by the church in Byumba Diocese and Ray of Hope from 1999 when he was in year 2 at Secondary school. At that time his mother had given up paying school fees for him. This support enabled him to continue his studies. He writes,

“I completed Bachelor’s degree of ARTS with Education. I am a teacher of History, Geography and computer science in secondary school. I am also youth representative at cell level. In short my hope for the future was gone. Now I rejoice in the Lord”.
