

# ST PETER'S COLLEGE SCHOOL PARTNERS 2019

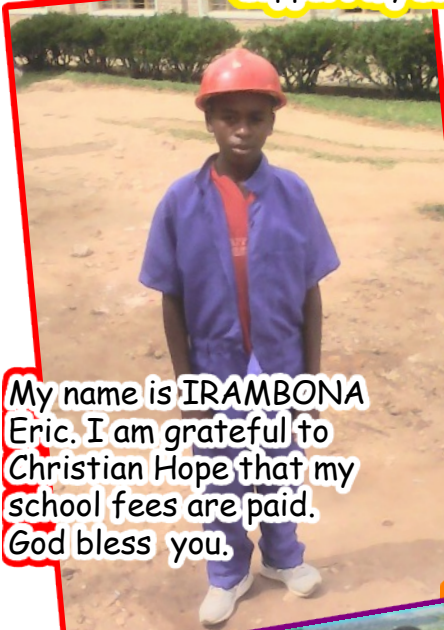

St Peters College is a small church run school providing academic as well as vocational training for many young people who would otherwise not be able to afford senior education. The School Partner Funds make a significant difference to the level of education available to these students.

During 2019 the funds were used to enhance the life of the very poorest of students to enable them to gain the most from their education.

Bags and files were provided for some students.

My name is ABAYO Claudine. I am very happy for school fees given to me as I am from a poor family unable to support me in everything I need at school. may God bless Christian Hope International who support my school.

My name is IRAMBONA Eric. I am grateful to Christian Hope that my school fees are paid. God bless you.

# THANK YOU

Laptops were purchased

Mattresses were bought, enabling students to get a good night's sleep, improving their health, concentration and ability to learn
